I'm using CSS filters on a website to flip the picture. It works on Chrome, but not on Internet Explorer. Here's the code: .flip{ -webkit-filter: flip(y); -moz-filter: flip(y); -o-filter: flip(y); -ms-filter: flip(y); filter: flip(y); -ms-transform: rotate(180deg); -moz-transform: rotate(180deg); -webkit-transform: rotate(180deg); -o-transform: rotate(180deg); transition: -ms-transform 0.6s; -moz-transition: -ms-transform 0.6s; -webkit-transition: -ms-transform 0.6s; -o-transition: -ms-transform 0.6s; transition: transform 0.6s; } I used the Flip effect on a div and it works on Chrome. Here's the problem: When I use the same code for IE, the picture doesn't flip over, the div doesn't flip either. Is there any way to solve this? A: I'm assuming you're using the flip (filter. That's a Firefox-specific CSS3 selector. I'm also assuming you're not using any vendor specific prefixes or properties. The solution you are looking for requires both IE9+ (or your browser that supports the filter function) and

Firefox in order for it to work. Why does this only work in firefox and not IE, you might ask? Simple, IE isn't as fully- a1d647c40b

AutoCAD Registration Code

Login to your Autodesk account (also known as My.Autodesk.com) Click on the new tab called Keygen. Click on Enter Key. Select the "Activate" file And click on the "Activate" button.
