WicReset

Congratulations. Your printers waste counter(s) have now been reset.

Once your printer has shutdown, you can then turn it back on and continue to use the printer as normal.
Please remember to replace the waste ink pads or fit an external waste ink tank.

Shutdown the printer and restart your computer.
Be sure that your USB cable is of the good quality and try to use another USB port.
Check the printer status monitor via printing preferences or task manager.
Cancel all printer jobs and disable any applications that can communicate with the printer.
Turn off the printer, wait until initialization sequence is finished, then repeat desired operation.
Remember that fatal error isn't related with waste overflow and it could not be reset by software.
