Adami Vista is a Customer Relationship Management solution that can be used to improve overall sales performance in your company. It is made with the traditional philosophies of CRM in mind: to increase the quality and effectiveness of interactions between company and... BrentBannon brentbannon, Manager - Acme Software Dec 11, 2016 I've used Adami Vista before and have found it useful for managing our common sales and customer relationships for a number of local businesses and trade associations, but it's ability to scale to the needs of larger companies was impressive. SAS Customer Relationship Management DavidLaptra David Laptra, Technology Services Dec 10, 2016 The usability was outstanding. However, we have to improve the visibility of each relationship by clicking on it. This will help understand better the correlation of departments and different service groups. We also had a slight problem on running reports. For example, the calculation of the sales made by department was not where we expected it to be. After checking the help, we found it was because our customer order numbers were not connected. Definitely, it was an excellent experience using Adami Vista. I am not a software user but my order business partner is. To my surprise, I can see in real time on the dashboard how much money they are spending daily and which departments are working hard on which project/s. Furthermore, Adami Vista immediately identified the solutions that can be used to enhance the efficiency of one's business and deliver the desired result. It is truly amazing! I have worked with a number of CRM software before. Some were very cumbersome and expensive. Adami Vista is very easy to use and it's going to change the way we do business. You might say it takes CRM to a whole new level! I am more than impressed and I will refer Adami Vista for everyone's business. Adami Vista AlexaLess Alexa Less, Operations Manager Nov 16, 2016 I have been working with Adami Vista for six months and have been very satisfied with the solution. I already have a large customer base that I manage with Adami Vista. In addition, Adami Vista has shown to be very responsive to any issues we have had and is clearly the best CRM solution available. If you want to know more about how CRM can be leveraged to improve operational excellence, give Adami Vista a try!
